

G-Axis 600W LED High Bay / Stadium Flood Light – Product Datasheet

Product Name: G-Axis 600W LED High Bay / Stadium Flood Light

Description:

The G-Axis 600W LED High Bay Light is a premium industrial lighting solution designed for stadiums, warehouses, factories, high-mast poles, and large commercial areas. Its dense LED array produces extremely high brightness with uniform distribution. The integrated anti-glare visor ensures focused illumination, making it suitable for both indoor and outdoor high-ceiling applications.

Key Features:

- Ultra-bright 600W LED module
- Anti-glare visor for controlled beam output
- Die-cast aluminium heat-sink housing
- IP65 waterproof and dustproof
- Long-distance and wide-area coverage
- Energy-efficient SMD LED chips
- 50,000+ hours lifespan

Technical Specifications:

- Power: 600W
- Lumen Output: 72,000 – 84,000 lm
- LED Type: High-density multi-array LEDs
- Beam Angle: 60° / 90° (optional)
- CCT Options: 3000K / 4000K / 5000K / 6000K
- Voltage: AC 85–265V
- Body: Die-cast aluminium
- Lens: Clear PMMA + anti-glare visor
- Power Factor: > 0.95
- IP Rating: IP65
- Lifespan: 50,000 hours

Applications:

- Stadiums & sports arenas
- High-mast pole lighting
- Warehouses & logistics hubs
- Factories & workshops
- Airports & seaports
- Industrial yards

SEO Keywords:

600W LED high bay light Oman, industrial LED lighting, stadium flood light Oman, high mast LED light, G-Axis 600W LED, warehouse LED lighting.

SEO Description:

Buy G-Axis 600W LED High Bay & Stadium Flood Light in Oman. High-lumen industrial LED with anti-glare visor, IP65 waterproof body, and powerful heat-sink design. Ideal for stadiums, high-mast poles, warehouses, and factories.
